

FORD FOCUS

Go Further

Go Further

These two words capture the spirit of Ford and our commitment to you. We go further so that you can, too.

2-9 Ford kinetic Design

Ford kinetic Design is the reason why our vehicles look more exciting than ever before. Bold, dynamic lines that create energy in motion.

10-13 Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully, too.

14-15 Green

Using advanced Ford ECONetic Technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

16-17 Safe

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to protect you.

16-21 Smart

Cars that park themselves, windscreen wipers that know when it's raining – just some of the many clever solutions from Ford that make life a little easier.

22-35 Choose your Ford Focus

- Enhanced versatility

46-55 Specifying your Ford Focus

56 Colour and trim

59 Ownership

Model shown is a Ford Focus Titanium Navigator 5-door in Candy Red metallic paint (option) with 18" 5-spoke alloy wheels (option and accessory).

Start more than a car

Representing the next level of Ford kinetic Design, this is a car that makes its presence known. Whichever way you look at it, the new Ford Focus is impossible to ignore.

Model shown is a Ford Focus Titanium X Navigator 5-door in Candy Red metallic paint (option) with 18" 5-spoke alloy wheels (option and accessory).

Start an adventure

Get ready for the most addictive driving experience, with all the agility and precision you could wish for. It's so much fun to drive, you'll always be craving for more.

Model shown is a Ford Focus Titanium Navigator estate in Panther Black metallic paint (option) with 18" 5-spoke alloy wheels (option and accessory).

Start a serious driving machine

Get serious with the sensational Ford Focus ST. Powered by a 250 PS 2.0-litre EcoBoost engine, and distinguished by unique sports bodystyling, it delivers a performance package that is simply outstanding.

Model shown is a Ford Focus ST3 5-door in Tangerine Scream special metallic body colour (option) with ST Style Pack (option) and privacy glass (option).

Start a relationship

The dynamic personality of the new Ford Focus continues inside. The driver-oriented cockpit wraps around you and with the latest technology and features at your fingertips you'll feel completely at one with the car.

Model shown is a Ford Focus Titanium X Navigator

Proven quality

The attention to detail which has been lavished on the new Ford Focus is immediately evident, from the exterior finish to the quality of the interior. Ford has engineered every single component for dependability and strength with one objective clearly in mind; quality that's built to last.

Quality

Not just great to drive, it's great to sit in too, thanks to a leading-edge interior design, high-quality materials and first-class fit and finish.

Obsessively driven

During its development, we test-drove Ford Focus the equivalent of 88 times around the globe. It's a car you can rely on, right down to the smallest ball bearing.

Steering that adapts to its environment

Ford Focus's sophisticated new Electric Power-Assisted Steering (EPAS) achieves a balance that's just not possible with conventional power steering systems. At parking speeds, full power is delivered for feather-light manoeuvring. Once you're on the move, it steadily weights up to just the right extent for optimum feel and control.

*Availability according to engine/series.

An addictive driving experience

New Ford Focus combines our latest engine and transmission technology with a dynamic chassis and precise steering. It reminds you how driving can be such a pleasure.

Ford PowerShift transmission

Using the very latest gearbox technology, Ford PowerShift perfectly combines the convenience of an automatic and the performance normally associated with a manual. This new 6-speed automatic transmission cleverly selects the next appropriate gear at precisely the right moment for lightning-fast gear changes, with no disruption to the flow of power. Fuel economy is improved, compared to a conventional automatic too. It also has a manual mode that allows you to switch gears at the flick of the shifter, but without the need for a clutch pedal.

¹54.3 mpg (combined) with 2.0 Duratorq TDCi (140/163 PS) engine. (see specification tables for full fuel economy and CO2 figures)

Control Blade independent rear suspension

For a smoother ride and more precise handling, this rear suspension system allows each wheel to independently move both upwards and backwards over bumps in the road.

Torque Vectoring Control

Designed to improve traction, roadholding and agility when cornering by continuously optimising the engine torque distributed to each front wheel to match the amount of grip each has available. The result is a more rewarding driving experience. (Standard)

Ford EcoBoost

Ford EcoBoost technology gives you the power of a big engine with the fuel economy and emissions of a small one. The latest ultra-efficient 1.0-litre EcoBoost engine produces up to an impressive 125 PS. The 100PS version delivers a combined fuel consumption of 60.1 mpg and CO₂ emissions of only 109 g/km*.

*5-door bodystyle. (see specification tables for full fuel economy and CO₂ figures)

International Engine of the Year
Ford 1.0 litre EcoBoost

Ford EcoBoost

With direct petrol injection, turbocharging and variable valve timing, Ford EcoBoost engines deliver power and torque consistent with larger displacement engines. For example, the 1.0 125 PS EcoBoost engine in the Focus has the same power as the 1.6 Duratec engine it replaces, and yet it achieves around 25% better fuel economy and 22% lower CO₂ emissions. (see specification tables for full fuel economy and CO₂ emissions)

Technology for economy and sustainability

Ford ECONetic Technology is designed to reduce your cost of ownership through improved fuel economy and lower CO₂ emissions, without any compromise on performance or driving quality. Much of this technology is brought together in our ECONetic engines, which deliver some of the lowest fuel consumption and CO₂ emissions in their class.

Ford ECONetic Technology

- Ford EcoBoost fuel-efficient petrol engines
- Ford Duratorq TDCi
- Ford PowerShift dual clutch automatic transmission – combines the efficiency of manual transmission with the convenience of a conventional automatic
- Ford Auto-Start-Stop (see left)
- Ford Smart Regenerative Charging – charges the battery every time you lift off the accelerator when driving
- Ford Electric Power-Assisted Steering – a more efficient system that uses less engine power than conventional power-assisted steering
- Active Grille Shutter – improves aerodynamics and lowers fuel consumption
- Ford Eco Mode (see left)
- Shift Indicator – advises you when to change gear for maximum fuel efficiency

A family of advanced engines

In addition to our multi award-winning Ford EcoBoost petrol engines, we offer two more technologically advanced engines. Our Duratorq TDCi diesel engines feature common rail systems that deliver remarkably low fuel consumption and CO₂ emissions*, plus a quiet drive thanks to a two-stage fuel injection process. Our Duratec petrol engines offer you a great balance of performance and economy. They're made from ultra-light aluminium and feature state-of-the-art fuel injection for optimum fuel efficiency and reduced CO₂ emissions*.

*see specification tables for fuel economy and CO₂ figures

Ford power of choice

Ford's alternative fuel vehicles all harness our latest advances in engine technology. They're the answer if you want low tax and even better fuel economy without compromising on design or drive dynamics.

Focus Electric

Powered exclusively by a lithium-ion battery system, the Focus Electric is one of the most technologically advanced cars on the road today.

Ford Auto-Start-Stop

When your vehicle is idling at a standstill, the engine automatically shuts down to save fuel. When you want to drive off, the engine immediately restarts.

Ford Eco Mode

This intelligent driver information system helps you achieve optimum fuel efficiency.

Ford Duratorq TDCi

Our advanced diesel engines provide exceptional fuel economy and low CO₂ emissions. (see specification tables for fuel economy and CO₂ figures)

Intelligent protection

New Ford Focus's safety technology is designed to help prevent an accident from occurring, and, if one is unavoidable, to minimise the potential consequences.

Advanced safety and driver assistance technology

Ford Focus incorporates many advanced safety technologies that are usually found in larger, more expensive cars. These are designed to protect the driver and passengers, while at the same time helping to make new Ford Focus even more enjoyable to drive.

In addition to its Euro NCAP maximum five-star overall safety rating, Ford Focus has been awarded five Euro NCAP Advanced Rewards, in recognition of Active City Stop¹⁾, Lane Keeping Aid²⁾, Driver Alert²⁾, Forward Alert (part of the Adaptive Cruise Control²⁾ option pack) and Ford SYNC with Emergency Assistance²⁾

Intelligent Protection System (IPS)¹⁾

Ford Focus's advanced Intelligent Protection System (IPS)¹⁾ uses a range of sophisticated technologies that are designed to help keep you protected, including an ultra-high strength steel safety cage¹⁾, an anti-lock braking system (ABS)¹⁾ with electronic brake-force distribution (EBD)¹⁾, and front and curtain airbags¹⁾.

The Ford Focus IPS¹⁾ includes:

1. Driver's and front passenger's airbags¹⁾*
2. Driver's and front passenger's side impact airbags¹⁾
3. Side curtain airbags for front and rear seats¹⁾
4. Collapsible steering column and pedals For optimised protection of driver's legs and feet.
5. Robust computer-optimised body structure with ultra-rigid safety cell¹⁾ and crumple zones
6. Pre-tensioners¹⁾, load-limiting retractors and height-adjustable mounts on front seat belts
7. Anti-submarining seat bases
8. Anti-lock brakes (ABS)¹⁾ with electronic brake-force distribution (EBD)¹⁾ and Emergency Brake Assist (EBA)¹⁾ (included with ESP¹⁾)
9. Emergency Brake Warning²⁾
10. Active City Stop¹⁾- (Included in Driver Assistance Pack)

***Note:** A rear facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.

*Front passenger's airbag deactivation switch¹⁾ is available as a Dealer-fitted option.

¹⁾Safety feature.

²⁾Driver assistance feature.

Hidden strength

New Ford Focus's body includes 55 per cent high strength steel and 26 per cent ultra-high strength boron steel. This makes it lighter, stronger and stiffer – and an immensely rigid base upon which to attach its superb chassis and steering systems.

Deflation Detection System¹⁾
Designed to alert you if a tyre's pressure is too low, such as in the case of a puncture. (Standard on Titanium X Navigator, ST2 and ST3)

Quickclear heated windscreen²⁾
Designed to demist the screen in seconds, even on frosty mornings. (Standard on Zetec, Zetec Navigator, Titanium Navigator, Titanium X Navigator, ST2 and ST3)

Lane Keeping Alert²⁾ and Lane Keeping Aid²⁾

It only takes a momentary slip in concentration to drift out of your lane when driving on the highway. Lane Keeping Alert²⁾ is designed to recognise when you approach the road markings without using the indicator, and alerts you with vibrations through the steering wheel. Lane Keeping Aid²⁾ is designed to apply steering torque back towards the lane you were in to help you recognise that corrective action is required. (Option as part of Driver Assistance Pack)

²⁾Operates at speeds over 40 mph on multi-lane roads with clearly visible lane markings.

Thinking ahead

In the new Ford Focus, advanced technology helps make every journey easier and more enjoyable.

Active Park Assist

Ultrasonic sensors confirm whether the gap is large enough to park in, and the steering is then automatically controlled while you operate the pedals. (Standard on Titanium X Navigator and option as part of Convenience Pack)

Active City Stop*

Designed to help reduce the likelihood or consequences of your car colliding with the vehicle in front in slow-moving traffic the system applies the brakes if it is detected that a collision is likely. (Option and as part of Driver Assistance Pack)

*Designed to operate at speeds below 20mph in slow moving traffic.

Door-edge protectors

A protective flap, hidden in each door, moves into position as the door opens to help prevent dents and scratches in tight spaces. (Option on all series except Studio)

Auto High Beam

Designed to switch the headlights from high beam to low beam as soon as oncoming traffic or adequate street lighting are detected. When the road is clear, the system is designed to automatically switch to high beam again. (Option as part of Driver Assistance Pack)

Blind Spot Information System

As another vehicle – car, van or lorry – enters your blind spot, it is designed to alert you with a discreet warning light built into the driver's and passenger's door mirrors. (Option)

Driver Alert

Designed to warn you if the system detects driving behaviour that indicates a drop in alertness levels. Initially, a warning icon is displayed in the instrument cluster, followed by a warning chime if driving alertness further declines. (Option as part of Driver Assistance Pack)

Traffic Sign Recognition

Designed to automatically read standard format road-speed signs and display the posted speed limit in the drivers instrument cluster. (Option as part of Driver Assistance Pack)

Designed around you

From the driver-orientated cockpit to the responsiveness of the steering, throttle and brakes and the feel of the switches and controls – your every connection with the new Ford Focus makes you feel a part of the car.

Ford Power Starter Button

Start the car without ever holding the key. Just keep the key fob with you in your pocket or bag. (Standard on Zetec S, Titanium Navigator, Titanium X Navigator and ST)

Autowipers

Windscreen wipers that are activated automatically when it begins to rain. (Standard on Titanium Navigator, Titanium X Navigator, ST2 and ST3)

Allergy-tested interior

New Ford Focus's interior consists exclusively of materials that reduce the risk of allergies to the lowest possible level, while a high-performance pollen filter prevents dust and pollen from entering the passenger compartment.

A true driver's car

Many hours were spent developing the cockpit and seating position of the new Ford Focus. As a result, everything is easy to control and feels natural to the driver.

Studio

The Studio is a stylish introduction to the Ford Focus range.

Studio standard features

- 16" 5 spoke alloy wheels
- Electric body colour door mirrors with turn indicators
- Body colour rear spoiler (5-door only)
- Electrically-operated front windows with one-touch lowering on the driver's side
- Air Conditioning
- Ford AM/FM CD Audio System with USB connectivity
- Rake- and reach-adjustable steering column
- Ford Easy-Fuel capless refuelling system
- Ford Intelligent Protection System (IPS)
- Electronic Stability Programme (ESP) with Traction Control and Emergency Brake Assist (EBA)
- Torque Vectoring Control
- Remote central locking
- Front side and curtain airbags
- Isofix child safety seat attachments

Image shows Ford Focus Studio in Moon dust Silver metallic paint (option).

Manual air conditioning

(Standard)

Generous loadspace

316* litres of luggage capacity on 5-door models, increasing to 1101* litres with the rear seats folded.

*With standard mini spare wheel.

Electronic Stability Programme (ESP)

(Standard)

Body colour door mirrors

(Standard)

Ford Easy-Fuel capless refuelling system

Only accepts the correct type of fuel-filler nozzle for your car. (Standard)

Body colour rear spoiler

(Standard on 5-door)

Edge

The new Focus Edge effortlessly merges stylish design with innovation and convenience.

Additional to Studio

- 16" 5-spoke 'Design' steel wheels
- Thatcham category 1 alarm
- Body colour exterior door handles
- Ford AM/FM CD Audio System with USB and AUX connectivity
- Steering Wheel audio controls
- Trip/fuel computer
- Ford Eco Mode driver information system
- Roof rails – silver finish (Estate only)
- Tonneau cover (Estate only)

Interior and exterior styling

Create a distinctive look for your new Ford Focus with an exclusive range of styling accessories. Every element blends seamlessly with the car's dynamic lines giving it your own unique sense of sporting style.

5-door rear spoiler

Gives an aerodynamic finish to the roof line. (Standard on Zetec S & Accessory)

Estate rear spoiler

Adds a particularly sporting touch to the rear of the estate. (Standard on Zetec S & Accessory)

Ford Windsor Leather key features (Option)

- Premium Windsor leather seats in Charcoal Black
- Coordinating leather door panel inserts
- Leather-trimmed front centre armrest
- Deep pile velour floor mats front and rear
- Heated front seats with driver's 6-way seat adjustment

High Tech Interior Styling (Accessories)

- Crystal Blue LED illuminated leather gearshift knob
- Crystal Blue LED illuminated brushed stainless steel scuff plates
- Velour floor mats with 'Focus' logo

Deep pile floor mats, velour for front and rear

Premium quality floor mats with reflective piping. (Option with Windsor leather and Accessory)

Scuff plates

Elegant polished stainless steel scuff plates, with etched 'Focus' script. (Accessory)

Leather gearshift knob

High-grade leather gearshift knob with aluminium-look insert. (Accessory)

Chrome-finish mirror caps

Elegant chrome design conveys a sporty, dynamic edge. (Accessory)

Rear bumper protector

Brushed aluminium-look protector helps prevent scratches on the rear bumper. Foil version also available. (Accessory)

18" 8-spoke Y-design alloy wheel

Y-design alloy wheel with premium 'sterling-silver' look finish (Option on Zetec S and accessory, not available with 1.0 EcoBoost (100 PS))

Wheels

A range of distinctive alloy wheels purpose-designed to complement new Ford Focus's dynamic lines.

16" 11-spoke 'Aero' wheel cover
(Standard on Edge ECONetic 88g)

16" 5-spoke 'Design' steel wheel
(Standard on Edge and Edge ECONetic 99g and Accessory)

16" 5-spoke alloy wheel
(Standard on Zetec Navigator and ECONetic)

16" 5-spoke 'Y'-design alloy wheel
(Standard on Studio and Accessory)

16" 5x2-spoke alloy wheel
(Standard on Zetec and ECONetic and Accessory)

16" 5x3-spoke alloy wheel
(Standard on Titanium Navigator and ECONetic)

16" 7x2-spoke alloy wheel
(Accessory)

17" 5x2-spoke alloy wheel
(Accessory)

17" 10x2-spoke alloy wheel
(Standard on Zetec S; option as part of Zetec Appearance Pack and Accessory)

17" 15-spoke alloy wheel
(Accessory)

17" 5x2-spoke alloy wheel
(Standard on Titanium X Navigator and Accessory)

18" 5-spoke Rado Grey finish alloy wheel
(Option as part of ST Syle Pack on ST2 and ST3 only)

18" 5-spoke alloy wheel
(Option on Titanium Navigator and Titanium X Navigator and Accessory)

18" 7-spoke alloy wheel
(Accessory)

18" 8-spoke Y-design alloy wheel with premium 'sterling-silver' look finish
(Option on Zetec S and Accessory*)

18" 8-spoke Y-design alloy wheel in Panther Black/machined finish
(Accessory*)

Image above shows Ford Focus Titanium X Navigator in Candy Red special metallic paint (Option) with 17" 5x2-spoke alloy wheel (Standard on Titanium X Navigator and Accessory).

Note The 18" wheels and tyres available on Ford Focus are designed to deliver more sporting driving characteristics and a firmer ride quality compared to 16" and 17" wheels and tyres.

Sony DAB radio/SD-navigation system including rear view camera

Features include rear-view camera, 5" TFT display, branded integrated control panel, Ford SYNC (Bluetooth® hands-free phone and Voice Control System) with USB/iPod® connectivity, AUX connection for external music devices, remote audio and MFD controls, nine premium speakers (Standard on Titanium X Navigator; Option on ST2 and ST3)

Radio/CD with 3.5" starburst multi-functional display

Includes MP3-compatibility, six speakers and USB interface. (Standard on Studio)

Ford DAB Audio – with 3.5" multifunctional display

Includes MP3 compatibility, 6 speakers, USB port, AUX jack and remote audio controls – Includes Ford SYNC (Standard on Zetec, Zetec S and ST1).

Ford DAB Navigation – with 5" multi-functional display

Featuring a 5" TFT screen – Includes Ford SYNC, navigation display with easy-to-follow route guidance (Standard on Zetec Navigator; Option on Zetec S).

Infotainment

Ford is leading the way with in-car audio and interactivity. We combine the latest technology with a commitment to ease-of-use to make your drive even more entertaining and informative.

Sony DAB Audio – with 4.2" multi-functional display

With colour screen, Ford SYNC, MP3 compatibility, nine speakers, USB port, AUX jack and audio streaming (with compatible mobile phones). (Standard on ST2 and ST3)

Sony DAB radio/SD-navigation system

5" TFT display, branded integrated control panel, Ford SYNC (Bluetooth® hands-free phone and Voice Control System) with USB/iPod® connectivity, AUX connection for external music devices, remote audio controls, nine premium speakers. (Standard on Titanium Navigator)

Ford SYNC with Emergency Assistance*

Ford SYNC lets you operate most popular MP3 players, Bluetooth®-enabled phones and USB drives with simple voice commands. The Ford Emergency Assist feature is designed to automatically place a call with the emergency services in the event of a collision where the airbag is deployed. (Not available on Studio; Option on Edge models, Standard on all other models)

Ford SYNC – Bluetooth® with Voice Control System

Enables you to make hands-free calls, while the Voice Control System technology lets you control your Bluetooth®-compatible mobile phone and audio/music device with the sound of your voice. (Not available on Studio; Option on Edge models; Standard on all other models)

Portable navigation

Leave your maps behind with a simple and intuitive mobile GPS navigation system. Please contact your Ford Dealer for details (accessory).

USB port

Built-in connectivity lets you listen to, and operate, your digital music player via the car's Ford audio system (Standard). A dedicated iPod® connector cable is available (accessory).

On the same wavelength

Whether it's staying in touch with your friends, listening to your personal music collection or knowing precisely where you're going, you want it to be quick, easy and intuitive. We couldn't agree more.

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. iPod® is a trademark of Apple Inc. Other trademarks and trade names are those of their respective owners.
Note It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

*Ford Emergency Assistance operates in over 30 European countries. This feature works when paired with a compatible connected mobile phone that is with you when an airbag is deployed (excludes knee airbags and rear inflatable safety belts, if equipped) or the fuel pump shut-off switch is activated. See your local Ford website for latest information.

Enhanced versatility

We all use our cars in different ways. Maybe to transport mountain bikes? Or for the odd weekend away at the beach? Your Ford Dealer can help you adapt your new Ford Focus to your lifestyle with a wide range of Ford accessories.

Luggage floor net*

Elasticated net which attaches to luggage compartment floor.

Rubber floor mats*

Protects from dirt and wet items. Front and rear, with a fixed driver's mat to help prevent slippage (Accessory)

Thule® roof bike carrier**

Carries bikes with up to 80 mm diameter frame.

Thule® ski/snowboard carrier**

For up to six pairs of skis or up to 4 snowboards. (Thule® Xtender 727 deluxe shown)

Thule® roof box**

A range of different sized boxes. Thule® Dynamic 800 shown.

ClimAir® wind deflector**

Reduces wind turbulence and noise, allowing you a more enjoyable drive with the windows down, even during light rain. (Front and rear available)

Roof crossbars*

Made from solid aluminium. Aerodynamic, with a maximum load capacity of 75 kg. This is the base for all shown roof attachments.

Anti-slip luggage compartment mat*

Luggage compartment protection with an anti-slip surface.

Loadspace liner*

Features a very high lip (8.5 cm), so is ideal for carrying wet and dirty items. (Estate only)

Tow bar, retractable**

Electrically-released tow bar appears only when needed and can be easily retracted behind the rear bumper when not required. (Not available with full bodystyling kit). Detachable and fixed tow bars also available as accessories.

Luggage compartment mat, reversible and foldable*

Luggage compartment protection, even with the rear seats folded down. Reversible design: carpet with Focus logo or durable rubber – with flap to protect rear bumper during loading. (Accessory)

Contoured mudflaps*

Protect bodywork from stone chips. Available for front and rear.

Locking wheel nuts *

Precision forged key with hardened pins for easy installation and removal.

18" 8-spoke Y-design alloy wheel in Panther Black *

Panther Black/machined finish.

Rear bike carrier, tow bar-mounted**

Carries 2 bicycles and is extendable to carry an additional bike.

*Available as an accessory.

**Available as an option and accessory.

⁽¹⁾Meets European ECE-17.07/DIN 75410-2 safety requirements.

*Not available with 1.0 EcoBoost 100 PS.

+Item covered by third party supplier's warranty, please see back cover for details.

Load retention net, extractable*(1)

Helps keep your items secure in the luggage compartment while you're on the move. For fitment behind the rear seats. Stores away easily when not in use. (Estate only accessory)

Load retention guard, second row*(1)

Robust, upper half-height dog guard helps keep dogs or items of luggage in the luggage compartment (removable when not in use). (Estate only accessory) Shown here with Waeco® Coolbox*. Longitudinal divider also available.

Load retention guard, first row*(1)

Sturdy, full-height mesh barrier locates behind the front seats. Provides a larger area for longer loads to be carried securely within the luggage compartment (removable when not in use). (accessory, estate only and when ordered in combination with optional Dog Guard)

Britax Römer® child seat**

Various child seats available for all ages, shown here with ISOFIX. (Accessory)

Eibach® suspension-lowering kit**

Enhances driving performance and handling as well as giving a more sporty appearance. Lowers the car by approximately 30 mm. (Accessory)

⁹⁸Updated fuel figures from 14th January 2013. *In 4th gear. ⁹⁹Ford test figures. ⁹⁸The declared fuel consumptions and CO₂ emissions are measured according to the technical requirements and specifications of European Directive 80/1268/EEC or the European Regulation (EC) 715/2007 amended by (EC) 692/2008. Fuel consumption and CO₂ emissions are specified for a vehicle type and not for a single car. The applied standard test procedure enables you to compare between different vehicle types and different manufacturers. This information is not part of any product offer made. Real-world fuel consumption can vary as the fuel efficiency of a vehicle is influenced by (individual) car configurations, driving behaviour, use of technical equipment such as air conditioning, as well as other non-technical factors. **DPF** = diesel particulate filter. All petrol engines are equipped with a catalytic converter. **Preliminary data figures only. To reach the maximum of 250 PS, 98 RON fuel will need to be used.

*Represents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. **Towing limits** quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. **Nose weight limit** is a maximum of 75 kg on all models. **Gross Train Mass** includes trailer weight.

Dimensions

| | 5-door | Estate |
|---|---------------|---------------|
| Overall length (mm) | 4358 (4362**) | 4556 (4566**) |
| Overall width with mirrors (mm) | 2010 | 2010 |
| Overall width with mirrors folded (mm) | 1858 | 1858 |
| Overall height without/with roof rails (unladen) (mm) | 1484/- | -/1505 |
| Minimum distance between wheel arches (in luggage compartment) (mm) | 1030 | 1149 |
| Turning circle – kerb to kerb (m) | 11.0 (12.0**) | 11.0 (12.0**) |

Luggage capacity (litres)

The Ford Focus is covered by the Ford Perforation Warranty for 12 years from the date of first registration. Subject to terms and conditions.
Note The car images used are to illustrate body colours only and may not reflect current specification. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of the printing processes used.

Your new Ford Focus

We have developed a simple three-step plan to help you choose, finance and drive your new Ford Focus.

Choose

Use the form opposite to specify your new car right down to the wheels, audio, options and accessories, then take it to your Ford Dealer.

You can also specify your new car online using the Ford Configurator. It lets you instantly see what your car will look like – inside and out – from multiple angles. And a tally of your choices and their prices helps you keep to your budget.

Visit

www.ford.co.uk/SBE/ConfigureYourVehicle

Finance

When it comes to financing your car, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit** provides straightforward finance products for your car whether you are a private or business user.

Ford Lease^ provides simple tailored funding solutions for your business. Business users only

For more information about our finance products visit ford.co.uk

Drive

When you drive away in your new car, we're with you all the way. Ford has the largest authorised service network in the UK to help you keep your car in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your car back to its pre-accident condition and on the road as quickly as possible.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. **+**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are instead covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Note Ford Focus estate does not provide a cargo net or attachment points for it behind the first seat row, but behind the second seat row only.
