Could this be
the start of a
long-lasting
love affair?

With sparkling accents and high quality details, the Ford Fiesta is polished and poised. Look a little deeper and you discover every single component is engineered with one objective clearly in mind: quality that's built to last.

Use your voice like another pair of hands.

“Read message”

“Shuffle”

“Call Dad”

“Call Chris”

“Call home”

“What’s playing?”

“Call office”

“Play artist Rihanna”

Ford SYNC with Emergency Assistance lets you play music, make and receive hands-free calls, and even read out your incoming text messages ** – all with simple voice commands. Bluetooth®-enabled audio-streaming means you can stream your music collection from your mobile phone or other Bluetooth enabled device directly to the car audio system. In the event of a collision Ford Emergency Assistance* communicates with the Emergency services directly, providing coordinates of the incident and allowing occupant control at all times..

*Ford Emergency Assistance operates in over 30 European countries. This feature works when paired with a compatible mobile phone that is with you when any airbag is deployed (excludes knee airbags and rear inflatable safety belts, if equipped) or the fuel pump is shut off. Text function and Emergency Assistance not supported by all European languages.. See your local Ford website for latest information.

**With compatible mobile phones only

Indulge your love of style.

Enjoy high-quality partial or optional full leather seats, perfectly complemented by a leather-trimmed handbrake handle and gearshift knob in the Fiesta's beautifully crafted interior. A new premium flow through centre console with armrest, cup holder and chrome highlights – plus enhanced ambient lighting – complete your interior with finesse. (Standard on Titanium X)

The steering system that always feels just right.

Ford Fiesta's sophisticated **electric power-assisted steering (EPAS)** achieves a balance that's just not possible with conventional power steering systems. At parking speeds, full power is delivered for feather-light manoeuvring. Once you're on the move, it steadily weights up to just the right extent for optimum feel and control. The height- and reach-adjustable steering wheel enables you to find your ideal driving position for a more relaxed driving experience. (Image shown is Leather trimmed steering wheel with Charcoal Black contrast stitching and Midnight Symphony accent ring on insert rim). (Standard on Titanium X).

Enjoy the performance of a manual.

With the convenience of an automatic.

Ford PowerShift delivers the perfect combination between automatic convenience and manual efficiency. This 6-speed automatic transmission selects the next appropriate gear at precisely the right moment for smooth, lightning-fast gear changes, with no disruption to the flow of power. The manual mode lets you switch gears at the push of a button – no clutch required.

Ford EcoBoost – International Engine of the Year 2012.

With direct petrol injection, turbocharging and variable valve timing, Ford EcoBoost engines deliver power and torque consistent with larger displacement engines. The result is remarkable performance from such an economical engine. Triple winner at the International Engine of the Year Awards 2012, the new 1.0-litre EcoBoost is available in 100 PS and 125 PS versions.

Economy worth celebrating.

Less fuel. More power.
Lower emissions.

With the help of **Ford ECONetic Technology**, Fiesta's latest engines are remarkably fuel efficient. The new 1.0 EcoBoost 125 PS petrol engine produces 21 per cent more maximum power than the larger capacity prior 1.6 120 PS that it replaces, and yet it achieves around 24 per cent better fuel economy and 25 per cent lower CO₂ emissions. The new 1.6 Duratorq TDCI 95 PS diesel engine with auto start/stop is even more frugal, with CO₂ emissions of just 87 g/km.. (Engine available across Style Econetic, Zetec Econetic & Titanium Econetic).

87 g/km CO₂

The key that gives you peace of mind.

MyKey® is an innovative programmable feature that encourages safer driving. MyKey® lets you tailor car settings to suit individual users. These settings include speed limit reminders and maximum audio volume. You can also prevent deactivation of driver assistance features. MyKey® settings are automatically activated each time MyKey® is used. (Standard on Style and above)

A close-up, artistic photograph of a car's headlight assembly. The headlight is illuminated from within, showing a complex internal structure with multiple lenses and a central projector lens. The surrounding car body is a vibrant blue color. The lighting is dramatic, highlighting the metallic and glass components of the headlight.

Halogen projector headlights
with LED day running lights.
(Standard on Titanium &
Titanium X)

Save fuel
without even
thinking
about it.

When your vehicle is idling at a standstill, Ford Auto-Start Stop automatically shuts down the engine to save fuel. When you want to drive off, the engine immediately restarts. (Only available on 1.0 L, 1.0 EcoBoost and 1.6 Duratorq ECOnetic engines)

Ford Eco Mode driver information system

This smart software monitors your driving style and displays its impact on the car's fuel economy.

See more in front and behind.

Fiesta's optional **built-in navigation system** eliminates the need for pre-route planning, by responding to real time road speed and traffic conditions to deliver more accurate estimated arrival times and trip information. Select reverse gear and the **rear-view camera** activates automatically in the Sony or navigation display, allowing you to see objects behind your car. Special guidance graphics indicate the width and centre line of the car for safer and easier manoeuvring. (Option; requires Sony Radio or Navigation)

More than just colour.

Ford Fiesta owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the water-based top coat, new materials and application processes ensure it's not only virtually solvent-free, but will retain its good looks for many years to come.

*At extra cost.
The Ford Fiesta is covered by the Ford Perforation Warranty for 12 years from the date of first registration. Subject to terms and conditions.
Note The car images used are to illustrate body colours only and may not reflect current specification or product availability in certain markets. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of printing processes used.

A feel for comfort.

The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. Other trademarks and trade names are those of their respective owners.* Ford Emergency Assistance operates in over 30 European countries. This feature works when paired with a compatible connected mobile phone that is with you when an airbag is deployed (excludes knee airbags and rear inflatable safety belts, if equipped) or the fuel pump shut off switch is activated. See your local Ford website for latest information.

Adjustable load floor

The adjustable rear load floor can be fitted in two positions, either low on the boot floor to create a deeper boot space, or higher up to create a flatter load space with the rear seats lowered. It can also be removed completely. (Option)

Smart technology

Fiesta has a range of intelligent features designed to make life a little easier and offer peace of mind.

1 Active City Stop^{o#}

Designed to help reduce the likelihood or consequences of your car colliding with the vehicle in front in slow-moving traffic by applying the brakes if it is detected that a collision is likely. (Option)

2 Parking distance sensors

Audible warnings help you park in tight spaces. Available for front and rear, or just rear. (Available as part of City Pack or Front and Rear parking sensors pack)

3 Ford SYNC with Emergency Assistance*

The next generation of in-car connectivity, Ford SYNC lets you operate most popular MP3 players, Bluetooth[®]-enabled phones and USB drives with remarkably simple voice commands. Plus the Ford Emergency Assistance feature is designed to assist occupants to place an emergency call in the event of an accident - wherever you are in Europe. (Option)

4 Integrated navigation and rear-view camera

Fiesta's built-in navigation system eliminates the need for pre-route planning. Select reverse gear and the rear-view camera comes on automatically in the Sony or navigation display, allowing you to see objects behind your car. Special guidance graphics indicate the width and centre line of the car for safer and easier manoeuvring. (Option)

5 Deflation Detection System^o

Designed to alert you if a tyre's pressure is too low, such as in the case of a puncture. (Option)

^oUses sensors.

[#]Designed to operate at speeds below 19 mph.

*Ford Emergency Assistance operates in over 30 European countries. This feature works when paired with a compatible mobile phone that is with you when any airbag is deployed (excludes knee airbags and rear inflatable safety belts, if equipped) or the fuel pump is shut off switch is activated. Text function and Emergency Assistance not supported by all European languages. See your local Ford website for latest information.

Note The Bluetooth[®] word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Note It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

Intelligent Protection System[®]

Ford's advanced IPS uses a range of sophisticated technologies designed to keep you protected, including ultra-high strength steel safety cage, anti-lock braking system with Emergency Brake Assist and front, side, knee and curtain airbags.

The Ford Fiesta IPS includes:

1. Driver's and front passenger's airbags[♦]
2. Driver's and front passenger's side impact airbags
3. Side curtain airbags for front and rear seats
4. Collapsible steering column and pedals for optimised protection of driver's legs and feet
5. Electronic Stability Program with anti-lock brakes, electronic brake-force distribution and Emergency Brake Assist
6. Robust computer-optimised body structure with ultra-rigid safety cell and crumple zones
7. Pre-tensioners, load-limiting retractors and height-adjustable mounts* on front seat belts
8. Anti-submarining seat bases

***Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.**

[♦]Height-adjustable mounts available on 5-door models only.

[®]Uses sensors.

*In 4th gear. ⁹Ford test figures. ⁹⁰The declared fuel consumptions and CO₂ emissions are measured according to the technical requirements and specifications of European Directive 80/1268/EEC or the European Regulation (EC) 715/2007 amended by (EC) 692/2008. Fuel consumption and CO₂ emissions are specified for a vehicle type and not for a single car. The applied standard test procedure enables to compare between different vehicle types and different manufacturers. This information is not part of any product offer made. Real-world fuel consumption can vary as the fuel efficiency of a vehicle is influenced by (individual) car configurations, driving behaviour, use of technical equipment such as A/C, as well as other non-technical factors. **Note** All vehicles are Durashift 5-speed manual unless otherwise stated. BP Ultimate, a range of advanced performance fuels, the perfect partner to meet the most demanding needs of Ford's class-leading technology. BP Ultimate can boost power and acceleration, lower exhaust emissions and improve fuel economy, compared with ordinary fuels.

EcoBoost = more power + better fuel economy

Ford EcoBoost engines

The diamond-like coating on the piston rings reduces friction; the turbocharger, direct injection and variable valve timing boost efficiency. The result is remarkable performance from such an economical engine. Triple winner at the International Engine of the Year Awards 2012, the new 1.0-litre EcoBoost is available in 100 PS and 125 PS versions.

Weights and loads

	Kerbweight (kg)*	Gross Vehicle Mass (kg)		Max. Towable Mass (braked) (kg) 12%	Max. Towable Mass (unbraked) (kg)
		3-Door	5-Door		
1.0 Duratec (80 PS (59 kW)) with Auto-Start-Stop	1045	1525	1530	650	520
1.0 EcoBoost (100 PS (74 kW)) with Auto-Start-Stop	1091	1550	1555	900	545
1.0 EcoBoost (125 PS (92 kW)) with Auto-Start-Stop	1091	1550	1555	900	545
1.25 Duratec (60 PS (44 kW))	1045	1525	1530	500	500

*Represents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. **Towing limits** quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. **Nose weight limit** is a maximum of 50 kg on all models. **Note** All vehicles are 5-speed manual, unless Powershift stated.

Roof base carrier, lockable

Lockable base load carrier compatible with a range of attachments. (Accessory)

Thule® roof ski/snowboard carrier Deluxe 727* – lockable and extendable

Innovative, fully-lockable ski carrier suitable for up to six pairs of skis or four snowboards. Comfortable slide-out function extends outside the roof area for easy access to your ski equipment. (Accessory)

Thule® roof box*, lockable

Can be opened from both sides for convenient loading. Available in different sizes, Pacific 200 is shown. (Accessory)

ClimAir® wind deflector*

Reduces turbulence and noise for a more enjoyable drive with the windows down, even during light rain. (Accessory)

*Please see back cover for warranty information.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. **+**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are instead covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
